INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" (Form PTO/SB/08A) with patents and/or publications as delineated therein attached.

EP 1 321 562 discloses that the drying method has drying air at a variable temperature supplied to the textiles (5) during their movement, with monitoring of the textiles moisture content, the temperature of the drying air and/or the intensity of the textiles movement reduced when the moisture content drops, e.g. in proportion to the drop in the moisture content. <??>An Independent claim for a device for drying textiles is also included.

DE 199 06 719 discloses that the drying phase ends after 5-25% residual moisture has been achieved. The residual moisture is preferably 10-15%. The laundry drum is kept moving over 90% of the drying time.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" is included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicants. As per the Notice in

Attorney Docket No. 2003P01977WOUS

1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted
